**Student of Information Studies Program, Faculty of Humanities and Social Sciences joined the library website development and library automation system**

Dr. Thanakorn Uiphanit, head of Information Studies program, Faculty of Humanities and Social Sciences, Suan Sunandha Rajabhat University with Mr. Phongphisit Liengyoo and Ms. Thatsanan Chutosri, lecturers of the program led senior Information Studies students handed over the library website development and library automation system to Donmuang Thaharnagardbumroong School on July 10<sup>th</sup>, 2020. The school director, the Deputy Directors, and teachers participated in the activity. The project of creating library website development and library automation system is an opportunity for students to practice their experiences and develop their knowledge from classroom learning into action.
